About us

Hi, my name is Merle, I'm the personnel officer of Black&White Fashion. We consult together about everything but I decide when we have pause, who does what, how late we start and stop. I love to work with my friends in our company and I have every confidence in it!

Hi dudes, I am Kiki and 16 years old. The secretary.. That's my job. I respond on your emails, I do shopping and help wherever I can in the company. Fashion is our passion, we do it with a lot of fun and much love. "Every day is fashion show and the world is your runway"

Hi readers! My name is Chantal and I have the right to pick up the phone while you are calling to our company. As a receptionist, I am required to give you all the information you are asking for. I like to work as a team with the other 4 girls! We all have different styles, but the same opinions. This helps us to create different outfits. Hopefully you will find some cool clothes, shoes or accessories at our company. TTYL!

Let's give it a try, love to hear you soon on the phone – Chantal.

My name is Elana, I am going to focus on the finances of the company. I think it's a really nice thing to do because I always liked to work with money. I hope that it goes well with the sales turnover and everybody has fun during the ITO week.

Hello boys, my name is Loes. I'm the seller of the five. I make promotion for the products from Black&White fashion. I choose the sale prices and make sure the products will be sold. After all, I help my friends whenever they need me.
